Recipe Card

Lindsay Katt.....*Two Little Birds* 2:00

A great song from Lindsay, the artist behind our theme song. From her debut album "**Picking Out Boxes**," this is a teaser of more to come later in the hour.

Runaway Dorothy.....*Katherine's Song* 3:00

Music from another Appetizer artist whose debut album "**The Arc**" received great rotation on our program over the past few years. This NY-based band has some great flavor that we'll taste more of later on the menu.

Platter 1

Served with heaping portions of musical flavor not heard anywhere else

Ray LaMontagne.....*Shelter* 4:37

This folk legend has a growing fan-base due to his stellar albums like **Trouble**, which contains some of his more popular tracks like *Hannah* and *Burn*, and *All The Wild Horses*.

Dave Matthews Band.....*Dive In* 4:27

DMB is known for great instrumentation from the band members. One of our favorite ingredients (found in every DMB track) is drummer Carter Beauford, who shows off his remarkable abilities on this track from **Big Whiskey And The GrooGrux King**.

The Statement.....*You Jump Start My Heart* 4:07

Indie music from Beaumont, TX with a folk/alternative seasoning that is really unique. More information can be found on www.myspace.com/thestatement2008.

Transition and Segue for Local Break (Music Bed)

Dave Matthews Band.....*Grux* 1:00

This song comes from their **Big Whiskey And The GrooGrux King** album.

Platter 2

The buffet of sound flows with sweet and spicy music from indie and established artists

Dido.....*Take My Hand (Bonus Track)* 6:43

Pop music icon **Dido** had hits on her album **No Angel** like *Here With Me*, but this well-seasoned tune features some great percussive and orchestral instrumentation. Enjoy!

Mana.....*Combatiente* 4:37

Mexican rock legends **Mana** have been making stellar music for over 20 years. Their fan-base spans the globe and it's partially due to incredible albums like **Amar Es Combatir**, which contains this spicy tune.

NikTex.....*Un Hiver Sous Les Draps* 4:04

Introducing a brand new act out of Canada whose brand new album is called **The Power of Yang**. Get more information at www.myspace.com/niktex

Transition and Segue for Local Break

NikTex.....*Irrationalities* 1:00

More great flavor from this new Canadian act, music found on **The Power Of Yang**.

Platter 3

Closing out the hour with a blend of well-known and indie artists, but with tangy treats that have gone unnoticed for too long

Lindsay Katt.....*Wretched Unbeliever* 4:00

Not only is Lindsay one of our favorite artists, but her debut album **Picking Out Boxes** has music that's been featured on MTV, Grey's Anatomy and other hit TV shows. Here's another reason why her music is selling like hot-cakes.

Blindside.....*Come back To Life* 2:50

Though it's been 5 years since **Blindside** has produced an album, true fans of this Swedish alternative rock group hearken back to 2001's **Silence** when they think of what put this rock quartet on the map.

Emery.....*The Note From Which A Chord Is Built* 2:32

From their album **The Weak's End**, which contained mostly progressive alternative music (aka screamo), this song brought more of a punk-rock feel with passionate lyrics and showcases the amazing vocal range of front man Toby Morell.

The Hint.....*The Antidote* 3:03

A song from the album **When It Gets Dark** that was featured much in 2008 on our program.

Runaway Dorothy.....*Takes A Lot Of Love* 5:30

One of our favorite selections from their debut album **The Arc**, a song told from the point-of-view of a deceased spouse who watches her husband move on quickly to another woman following her passing.
